Nell Gwynn Nursery School

Lynne Cooper, Executive Headteacher
Philippa Baker, Head of School & SENCO

6 October 2017

Dear Parent/Carer/Staff and Governors

Improvements to School Entrance

The school has been working closely with Notting Hill Housing Group to enhance the safety of all users of the Nursery both during and after the redevelopment of the Wood Dene Estate. Plans have now been submitted to the council to request permission for:-

“Improvements to school entrance, to include part demolition of existing brick wall, re-alignment of fencing, new timber fencing with new entrance gate, removal of existing trees, renewed ground surfaces, utility works and works to pavement”.

The consultation period for this application starts on 06.10.17 and ends on 26.10.17.

View the application. The application form, plans and supporting documents can be viewed on Southwark’s planning register: <http://planbuild.southwark.gov.uk> by searching for application 17/AP/3609.

Following a consultative meeting with representatives of the Notting Hill Housing Group at the end of last term, further measures are being put in place to keep everyone safe.

- Carlton Grove will be used for exit and entrance to site until mid-January 2018
- When Meeting House Lane exit comes into use, 4 wardens will be in place to manage the traffic onto and off site.
- Projected construction period for Nell Gwynn works – Easter 2018
- On completion of Nell Gwynn works there will be a further risk assessment and risk management for the duration of the construction works.

We are thankful that our concerns have been listened to and plans are being progressed to meet our needs.

Yours

Lynne Cooper (Executive Head Teacher)

The Federation of Ann Bernadt and Nell Gwynn Nursery Schools
