Dear Parent/Carers,

We are pleased to inform you that Ann Bernadt and Nell Gwynn Nursery Schools have been selected to take part in the Mayor's Nurseries Air Quality Audit Programme. We are 2 out of 20 London based Nurseries who are participants.

An assessment of indoor and outdoor air quality is commencing from today with a view to exploring how it may be improved. You will notice diffusion tubes have been attached in key areas within and just outside of the building. It is important that they remain untouched to carry out monitoring effectively. If you do see any issues with the diffusion tubes, for instance if one is lying on the floor, then please report to Reception immediately.

If you are interested in finding out further information regarding School Air Quality Audit Programmes, please see links below:

We are hoping that this exciting programme enables improved air quality in both settings, therefore we appreciate your support in this matter.

Kind regards,

Lynne Cooper
Executive Head
