Dear Parent/Carer,

We value your role as your child's primary educator and we're keen to further develop our working partnership with you. We are keen to capture children's significant learning experiences within the home environment so that they may be included within your child's learning journey, therefore we would like to introduce 'Wow Moments at home'.

Currently practitioners at Nell Gwynn record 'Wow Moments' in Nursery through observation and accompanying photographs. We would like you to document 'Wow Moments' where your child has shown you something new or different on a 'Wow Moments at home' sheet. These sheets are available to you within your child's class and can also be found in the Reception Area. You can then return the completed sheet to your child's class so that your child can share it with others. Children and adults alike may then appreciate the Wow! Factor in what your child has been learning at home. It will be displayed on the 'Wow Moments' board before forming a part of your child's learning journey.

Please note you can email the lead practitioner in your child's room with any photographs or accompanying information which illustrate the 'Wow Moment'. We look forward to hearing from you. Please do speak with staff if you have any further questions.
